TENDO

Tendo stands out with its unique, tilted form that lends the wash area an almost dance-like lightness. The basin creates a striking focal point in the bathroom, combining aesthetic elegance with high functionality. Its shape feels inviting, as if gently leaning toward the user—a design gesture that is as ergonomic as it is expressive. The inclined surface enables a natural flow of water, reminiscent of a waterfall, playfully enhancing the washing experience. Tendo embodies refreshing simplicity that captivates both visually and functionally.
