

Pluggable electrical installation simplifies building installations.

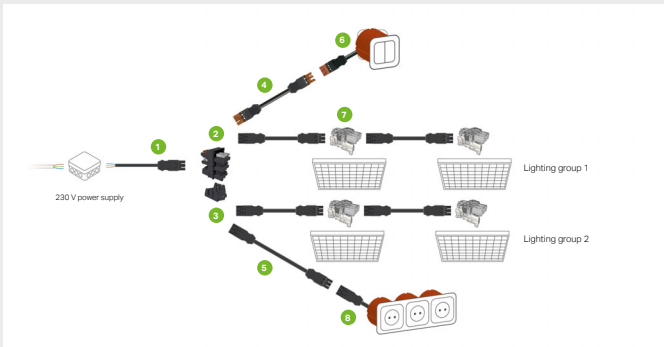

WINSTA® is ideal for use in infrastructure buildings, such as office buildings, hotels, schools and daycare centers, as well as hospitals and senior residences. Usually, electrical installation requirements are recurring from room to room or floor to floor. With WINSTA®, replicable system solutions can be planned quickly and easily. And thanks to a wide range of suitable system partner products, they can also be installed on the construction site, right down to the luminaire or socket.

The products listed in the tables are part of the WINSTA® premium line and are available from stock.

SOCKET AND SWITCH INSTALLATION

Pos.	Item Number	Plugs and Sockets
1	770-103	Socket; with strain relief housing; 3-pole; coding A; 4 mm²; black
	770-113	Plug; with strain relief housing; 3-pole; coding A; 4 mm²; black
2	770-123	Socket; with strain relief housing; 3-pole; coding A; 4 mm²; white
	770-133	Plug; with strain relief housing; 3-pole; coding A; 4 mm²; white

Pos.	Item Number	Distribution Connectors
7	770-607	3-way distribution connector; 3-pole; coding A; 1 input; 3 outputs; black
5	770-657	3-way distribution connector; 3-pole; coding A; 1 input; 3 outputs; white
	770-636	H-distribution connector; 3-pole; coding A; 1 input; 2 outputs; power outputs at one end; 3 locking levers; for flying leads; black
	770-686	H-distribution connector; 3-pole; coding A; 1 input; 2 outputs; power outputs at one end; 3 locking levers; for flying leads; white
4	770-623	Mounting plate; 3-pole; for distribution connectors (except T-distribution connectors); plastic; black

* Distribution connectors in other versions can be found in the e-shop, catalog or contact our sales representative directly.

Pos.	Item Number	Pre-Assembled Interconnecting Cable
6	771-993/006-001	Pre-assembled interconnecting cable; EcA socket - free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; black
3	771-993/006-002	Pre-assembled interconnecting cable; EcA socket - free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; white

Pos.	Item Number	Pre-Assembled Connecting Cable (Socket)
8	771-993/106-001	Pre-assembled connecting cable; EcA socket/free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; black
1	771-993/106-002	Pre-assembled connecting cable; EcA socket/free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; white

Pos.	Item Number	Pre-Assembled Connecting Cable (Plug)
	771-993/206-001	Pre-assembled connecting cable; EcA plug/free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; black
	771-993/206-002	Pre-assembled connecting cable; EcA plug/free end; 3-pole; coding A; H05VV-F 3G 1.5 mm²; 1 m; 1.5 mm²; white

Pos.	Item Number	Accessories
	210-719	Operating tool (2.5 x 0.4 mm blade; with a partially insulated shaft; to operate both clamping units and locking levers)
	770-111	Locking lever; for flying leads; tool operated; black
	770-131	Locking lever; for flying leads; tool operated; white
	770-310	Mounting adapter; 2- to 5-pole; for flying leads; black

* You can find cable assemblies in other lengths, cross-sections and fire classes in the e-shop, catalog or contact our sales representative directly.

Pos.	Item Number	Plugs and Sockets
	770-103	Socket; with strain relief housing; 3-pole; coding A; 4 mm²; black
	770-113	Plug; with strain relief housing; 3-pole; coding A; 4 mm²; black
	770-1363 + 770-603	Socket; 3-pole; coding S; 4 mm²; brown + strain relief housing; 3-pole; for 2 cables; 8 ... 11.5 mm; 66 mm; black
	770-1373 + 770-603	Plug; 3-pole; coding S; 4 mm²; brown + strain relief housing; 3-pole; for 2 cables; 8 ... 11.5 mm; 66 mm; black

Pos.	Item Number	Distribution Connectors
2	770-637	Distribution connector for switches; single-pole switch and series circuits; 3-pole; coding A/S; 1 input; 5 outputs; black
7	770-6223	Linec® T-connector; 3-pole; coding A; 1 input; 2 outputs; white
3	770-623	Mounting plate; 3-pole; for distribution connectors (except T-distribution connectors); plastic; black

Pluggable electrical installation is the future of building installations.

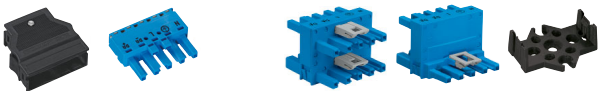

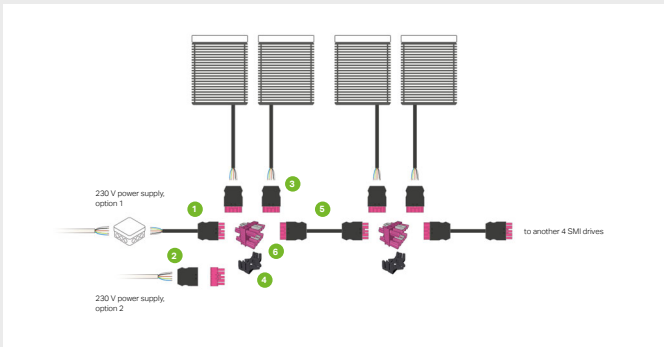

The WINSTA® Pluggable Connection System optimally satisfies the strict requirements of building installations. With WINSTA®, you can easily combine installation and automation and connect entire circuits together in a contemporary way with one click, instead of wiring all wires individually. This saves time, prevents errors and simplifies maintenance, which is a particular advantage in DALI and SMI BUS applications. Planning can be based on typical application examples and can be adapted to the specific conditions of the concrete project with simple modifications such as the use of length variants.

The products listed in the tables are part of the WINSTA® premium line and are available from stock.

Plugs and Sockets for Self-Assembly

Distribution Connectors

Pos.	Item Number	Plugs and Sockets
2	770-1105/022-000	Socket; with strain relief housing; 5-pole; coding B; 4 mm ² ; blue
	770-1115/022-000	Plug; with strain relief housing; 5-pole; coding B; 4 mm ² ; blue

Pos.	Item Number	Distribution Connectors
7	770-618	3-way distribution connector; 5-pole; coding B; 1 input; 3 outputs; blue
	770-620	T-distribution connector; 5-pole; coding B; 1 input; 2 outputs; 3 locking levers; for flying leads; blue
	770-993	H-distribution connector; 5-pole; coding B; 1 input; 2 outputs; power outputs at both ends; 3 locking levers; for flying leads; blue
	770-1547	5-way distribution connector; 5-pole; coding B; 1 input; 5 outputs; blue
3	770-625	Mounting plate; 5-pole; for distribution connectors (except T-distribution connector); plastic; black

Cable Assemblies

Additional Accessories

Pos.	Item Number	Pre-Assembled Interconnecting Cable
6	771-9985/006-101	Pre-assembled interconnecting cable; Eco; socket-free end; 5-pole; coding B; H05VV-F SG 1.5 mm ² ; 1 m; 1.5 mm ² ; blue
Pos.	Item Number	Pre-Assembled Connecting Cable (Socket)
1	771-9985/106-101	Pre-assembled connecting cable; Eco; socket-free end; 5-pole; coding B; H05VV-F SG 1.5 mm ² ; 1 m; 1.5 mm ² ; blue
Pos.	Item Number	Pre-Assembled Connecting Cable (Plug)
5	771-9985/206-101	Pre-assembled connecting cable; Eco; plug-free end; 5-pole; coding B; H05VV-F SG 1.5 mm ² ; 1 m; 1.5 mm ² ; blue
Pos.	Item Number	Specialty Cable Assembly
4	771-5001/164-000	Pre-assembled connecting cable; Eco; plug-free end; 5-pole; coding B; H05VV-F 2 x 1.5 mm ² ; 1 m; 1.5 mm ² ; blue

* You can find cable assemblies in other lengths, cross-sections and fire classes in the e-shop, catalog or contact our sales representative directly.

WINSTA® Boxes
For Central Lighting Supply

Pos.	Item Number	WINSTA® Boxes
	899-631/013-000	Distribution box; DALI; 1 input; 5 outputs; coding B; MDI; black**

** WINSTA® Boxes in other versions can be found in the e-shop, catalog or contact our sales representative directly.
